

Not Another Gala: Advertising Options *Won't you be our neighbour?*

Who we are

Since 1987, Reception House Waterloo Region has helped thousands of refugees rebuild their lives in Canada. We start by providing the basics: temporary accommodations, orientations to life in Canada and down the line, we empower newcomers to find meaningful employment, improve their language skills and heal from trauma and loss.

Together, we create home with our newest neighbours!

The Event

When: June 14, 2019, 6:30 – 10:30 pm (Ticket sales and promotion begin April 15th, 2019)

What: #notanothergala is our main fundraising event for the year and just as the name suggests – this is not your average gala! Dress up or dress down – we know you'll look fabulous either way! It's an evening of delectable multicultural food, unforgettable music and entertainment, inspiring art, and, well, some surprises too!

Why: The funds from this Not Another Gala support our social integration work (including the Family Partnership Program and English Outreach for Women). Two of the biggest barriers to successful re-settlement and integration are social isolation and language. We are changing that by bringing newcomers and community volunteers together, creating opportunities for learning, practicing English, and building connections in the community.

Where: The Victoria Park Pavilion, 80 Schneider Ave, Kitchener, ON

Who: The event celebrates refugees who have re-settled in Waterloo Region and the broad community who has supported them. Our guests come from every sector – business, community organizations, schools and universities, the neighbourhood, faith groups, and government – some have lived here many years and some just arrived. Our “Extending the Table” hosts create opportunities for recent newcomers, who might otherwise not have the opportunity to join this event, to take part. This year’s World Refugee Day Waterloo Region theme is #becomingneighbours and it’s what we are all about.

Advertising Opportunities
